SPONSORSHIP REQUEST

2011-2012

Dear Clarington Community Member,

I am writing to ask for your help. The Clarington Swim Club, a not-for-profit organization, has been operating in this community since 1989, and has seen thousands of area children and adults go through its aquatic programs – swimming lessons, adult (Masters) swimming, competitive swimming, and waterpolo. But the current economic downturn, as well as the loss of some major fundraisers (Bingo and Nevada), is making it increasingly difficult for the Club to meet its operational budget.

Could you make a contribution to the Club? There are a couple of different ways you could help:

- *You could make a general monetary contribution, even a small amount would help.*
- *If a direct financial contribution is not possible, you could donate goods or services that we could auction off at one of our fundraising events*

In exchange you would receive a tax receipt for your donation, and our membership of over 100 families would know of your contribution through your ad in our weekly newsletter for one season (35 issues). We could also link with your website, and offer you advertising and promotion of your company through our very active site. During our hosted meets your company would be on our display board, as well our bulletin boards at the Clarington Fitness Centre and the Courtice Community Complex would list you as a sponsor.

Thank you for taking the time to consider this request. With your help we look forward to keeping the Clarington Swim Club a valuable resource for our community.

Karen Stinson
President, Clarington Swim Club
